La l'enitente Wins the Two-Year-Old Handieap from Kingdon - Jefferson Scores Among the Older Division at Long Odds libelastrom Takes the Burdle Race. The thirty-day meeting at Brighton Beach

track wound up yesterday in the presence of about 4,000 persons. When the band played "Auld Lang Syne" at the finish it was accepted as a piece of musical sareasm. Speculative patrons who tried their luck on the get-away card are not likely to forget it, as five favor tes cent down in succession, the only successful first shoice of the afternoon bobbing up unexpostedly in the steeplechase, and winning out car fare for the plungers who survived long enough to have a farewell bet on Rheinstrom. The star event of the day was the Electric Handicap, with \$1,000 added, and seven of the eight two-year-olds engaged accepted the weights. Kingdon had 120 pounds up, but even then he was thought good enough. La Penitente, with the featherweight of 18 pounds and the services of Maher, ruled second choice. She tiptoed her field from the start and won by four lengths from Kingdon, who had been her closest attendant throughout. This race was preceded by a handicap for three-year-olds and upward, which resulted in an even greater sur-prise, as Jefferson at 15 to 1 took the track after

a furlong and held his own to the end. Peep o'

Day made a strong bid in the stretch and looked

a sure winner, but Jefferson responded to every

enallenge and squeezed home by a head. Leeds-

ville, the favorite, after being almost knocked

to his knees on the first turn, made up a lot of to his knees on the last to be a neek. Ben feeway and ran Peep o' Day to a neek. Ben Ronaid was also knocked about, and he failed to finish with his usual resolution.

The five-furiong dash for three-year-olds and unward, third on the eard, resulted in a sail facer for the ta-out, and led to some lively discussion. Firearm, trained to the hour by John facer for the acent, trained to the hour by John J. Hyland, and backed to odds on, was beaten a length and a half by Howland, an anded entry of f. D. Beard. Hyland thought Sims should have made better use of Firearm at the scart, and did not he-sitate to say that he had the best horse if the jockey had been more alert. Common ton these lines reached the Beards, and they at once offered to run Lowland against Firearm for \$5,000, with Sins to rule the former. Hyland couldn't see what claim to former. a terms it may be brought together in the near ure, as Hyland is not at all satisfied that the e was traity run, while the beards thing their would have won anyhow, anadale won a nice stake for W. Oliver and belowers in the first ruce. He had some celt would have won anyhow.

Lansahe won a nice stake for W. Oliver and his bollowers in the first race. He had some troute shaking off Charagrace, but once clear he won by two lengths. Debride, the favorite, only got through the bunch in time to funsh third, half a length back. J. K. Wudsworth's smart Strathmore filly Tut Tut cleverly heat a field of ten two-year-olds in the second race, including the favorite, Edervescent. The latter jest the purse by half a length, but managed to beat St. Chair a head for the place.

The Hitchesek brothers' promising young jumper Rheinstrom led all the way in the hurder race and won by three lengths from old Marshall, who beat Brown Red five lengths. The race was the fastest run over the sticks during the meeting. Summary: puring the meeting. Summary:

WINNING OWNERS AT BRIGHTON. Maher Heads the Jockeys' List with a Remarkable Percentage.

The meeting just closed at Brighton Beach has been the most successful, from a monetary standpoint, held in recent years, and should go far toward recouping the management for the losses sustained during the past two years through bad weather and other adverse circumstances. There were 186 races run, in which there was one dead heat, which was run off. The total amount of money distributed was \$153,175. There were fifty races for two-Year-olds and seven races for two-year-old fillies. There were flfty-one handleaps, includ-ing eight for cross-country horses. The win-ning owners are as follows:

MATANZA WINS PEPPER STAKES.

Two Favorites Score at Saratoga-Sydney

Paget Makes Another Purchase. SAEATOGA, Aug. 9.-The feature of the races at the Spa this afternoon was the Pepper Stakes for two-year-olds, for which a field of seven started. Louis Bell's recent purchase, Matanza, with Tod S.oan in the saddle, ruled favorite for the race, and captured the money after a drive by three parts of a length from Lihine lander, with Kentucky Colonel, winner of the Grand Union Stakes, third. The latter carried top weight, 120 pounds, and the delay of twenty-five minutes at the post, caused by Counsellor Wernberg, hurt his chances. The crack Western lightweight, Clawson, and Tod Sloan, the crack of the East, divided the card. Clawson

carried of three races and Sloan the other two Another large crowd saw some good racing, Diminutive and Matanza were the only ones to most money in the opening race, which was for two-year-olds, with Diminutive a slight fafor two-year-olds, with Diminutive a slight favorite. Those who backed her got all the money, as she won easily from Orderlette. Dan Cupid was in a pocket for a quarter and was then shut out. Five out of the ten entries were withdrawn from the second race, and as the best ones were taken out it looked easy for Waite Frost, who was played from 2 to 1 to 0 to 5. Her ciances were rained by the start, which was straggling, with White Frost fast of the bunch, and she never could make up the lost ground. Kinnikinnic came through in the stretch and won easily by a length from D. moclos, who was two lengths before White Frost. High Jinks was backed down from 7 to 5 to 9 to 10 to win the third race, but after a hard drive he was beaten out a neck by Charentus. Athamas was plunged on to win the closing event, and was backed down to 7 to 10, but third position was the best he could seemer. Twinkler, the second choice, winning all out by half a length from Bon Ino, who was a head before the favorite.

Sydner Pages has moded another good performer to his string. To-day he purchased the good three-year-old filly Martha II. by imp. Dandle Dinmont—Louise T. She has shown herself to be a smart filly in the West this year, and has won both of the races in which she started at this track, the Hendric Stakes on Saturday and a purse race yesterday. Summary: vorite. Those who backed her got all the

Grand Circuit Horses Perform on a Heavy Track at Fort Wayne.

FORT WAYNE, Aug. 9 .- At noon to-day the track was heavy, but two hours of sunshine made going fair when Starter Frank Walker gave the word for the first race under the auspices of the Fort Wayne Driving Club. It was after 2 o'clock when the starters for the two-year-old pace Horse Review Stake appeared. Dr. Flower's Hill was a favorite, and difficulty in winning the first heat. Matin Bells won the second heat in 2:164. The time was remarkable for a youngster on a heavy track. Considering later developments and the speed of the older compaigners in succeeding events it was a fine performance for the pretty bay filly. She had no difficulty in anding the third heat and the race. The large

crowd cheered the winner. The second race was the three-year-old trot. Cuprum, Marcus Daly's gelding, sold as the favorite, but was never in the argument. Charley Herr and Scraphina made a pretty struggle in each heat, but Scraphina only outfooted Herr once, in the third heat.

against the field in the 2:28 trot. Miss Beatrice and Nobby made the race in the first heat and the finish was close. When Nobby nosed under the wire ahead, the distance flag fell in the faces of John Nolan, the favorite, and Biwabik. Before the result of the heat was announced both horses received places in the race as their drivers said they had been fouled. McHenry, the driver of Mountaineer, informed the judges that he unintentionally fouled John Nolan. Renney sent Nolan for the next heat and skilfully piloted him from the rear of the procession to the front. The third heat was Nolan's after a chase to the wire by Fred Lader. The favorite won the next heat and race after another brush with Lader down the stretch. Summaries: against the field in the 2:28 trot. Miss Beatrice

NEWS OF THE WHEELMEN.

GREAT RACING EXPECTED AT THE INDIANAPOLIS MEET. All the Cracks Except Loughead Ready to Start-The Out-of-Town Attendance at the Event Not Up to Expectations-Buf-

falo Likely to Get the Meet Next Year. INDIANAPOLIS, Aug. 9.-From present indications the prospect is that the out-of-town at-tendance at the National L. A. W. meet will not be up to expectations, though this does not mean that the races will not prove a financial success. Each year has seen the number of visitors to the annual meet decrease, and the promoters have been compelled to rely more and more upon the local public for patronage. The people here are highly pleased with their new record-breaking track, are enthusing greatly over the sport, and undoubtedly will turn out in generous numbers. Few visitors are here from the East, and the majority come from the middle West, with Chicago sending a

large contingent. No one is missing from the list of top-notch sprinters except Loughead, and all are moving within fractions of a second of each other. Bald is determined to regain the head of the list. So are Cooper and Taylor, and Gardiner is just as set to remain in the lead. Incidentally, Freeman, Stevens, Johnson and McFarland are dangerous quantities, and may destroy the calculations of the experts. The amateurs from New York are exceedingly strong. They inlude Ertz, Hausman, Kramer, Collett, Schofield. Brown and Van Cott, supplemented with Rogers of Philadelphia. Their principal opponents will be Peabody and Llewellyn of Chiengo, Pfeffer of Indianapolis, Bornnasser of Louisville, and Robbins, the Ohio champion. A good tip is that young Kramer, who halls rom Newark and rides under the colors of the Riverside Wheelmen, will return home with several amateur championships.

Naturally, the League politicians are doing a little gossipping. Chief Consul Sherwood of Indiana is said to be hankering for the Presdency. Should be try, it is said be will receive the backing of Potter. In this event there may be a Pennsylvania-Massachusetts alliance, with a leader in Keenan or Gideon.

Boston appears about ready to retire from the race for the DOL, A. W. meet even before the turn is made into the straight for the finish. The Boston '90 Meet Club looks very much like a "quitter," and not even its President, F. Howard Porter, has arrived on the scene, nor is he likely to come. Chief Consul Sterling Efflott of Massa-Porter, has arrived on the seene, nor is he likely to come. Chief Consul Sterling Elliott of Massachusetts and several newspaper representatives are the only shouters for Boston now here and a very substantial addition to this array is not expected. No Boston becoming of a pretentious sort is to be done, and the Baffalo enthusiasts will probably have the fleid with opposition of medicere quality. A popular vote of the entire membership of the League would result overwhelmingly in favor of Buffalo without the least shadow of doubt, and the voice of the delegates of the next National Assembly is almost certain to be of a like tone. This vote of the assembly is taken by mail previous to the February session. While the Executive Committee, consisting of the President and the two Vice-Presidents, can take the matter into its own hands, the precedent established in previous years of submitting the decision to the assembly delegates by a mail vote is not likely to be disregarded. The strained relations between President I. B. Potter and Chief Consul W. S. Jenkins of Buffalo might cause the former to favor any city besides Buffalo, but the sentiment for the latter place is too strong generally to be overlooked. It is hard to see how Buffalo can lose the 50 meet unless the control of the sportshould pass to another organization before another year rolls by.

Milo M. Belding, Jr., the nominee for Chief Consul of the New York State Division, L. A. W., says that he is not ready to declare his policy for 1889. He does not believe that it is necessary for a candidate to manufacture campaign material by telling what he will do if elected. Considering that no opposition to Belding has developed as yet, it is not likely that any will occur. Those who know the nominee best declare that he is a thinker. He is a man of the tent rather than of the field. He has ideas and is versed in strategy. Coupled with him on the ticket is Hal B. Fullerton, whose restless energy constitutes him a man of action. Estimated simply as a team, it is thought by judges to be the best matched pair that ever trotted on the League political track in this State. One man put it: "Both have good judgment. Belding is a philosopher and Fullerton is a hustler. I think that they will wake up everybody in the State." Belding was interviewed briefly yesterday by a reporter of THE SUN. With unaffected modesty he said that it was too soon for him to say anything about what he might do in case he was elected. The matter of a parade of the juvenile cores of the League was mentioned to him and Belding said:

"You do not go far enough. There should be

The matter of a parade of the juvenile corps of the League was mentioned to him and Belding said:

"You do not go far enough. There should be a parade by all the L. A. W. members in this city once every year. Such affairs are expensive. The preliminary arrangements cost quite a sum of money, but they should be held. Considering the present condition of the division treasury it is doubtful if anything of the screwold be held this fail, but next year certainly there should be a parade. It is not proper for me to speak as a prospective officer. I have received only a nomination. As a member of the local consulate, however, I am willing to have you say that I think the consulate should consider the advisability of holding an L. A. W. parade every year."

These remarks from such a source are noteworthy. Belding also believes that events of the kind proposed might be so beneficial to the State division as to inspire a large increase of membership. That there is a popular interest in bicycle parades is undeniable. An affair of the kind managed by the local consulate, in which the participants were restricted to those who were actually L. A. W. members, would unquestionably be a good thing for the division. Belding and Fulierton, as nominees, have received the approval of I. B. Potter, who has controlled the State doings in L. A. W. polities since 1844. It is worth noting that both of them believe in the L. A. W. atandoning the control of cycle racing. The Fennsylvania and New Jersey officers will probably be elected from the same class, and it is a common idea within League circles that at the next National Assembly the States named will work together in an endeavor to wash its hands of all racing matters.

Riders who have tried it say that a piece of son leavered rawhide something very much like.

Riders who have tried it say that a piece of semi-cured rawhide, something very much like lacing leather, is better to be used as a washer in the top of the dust cap of a tire valve than rubber. They further say that the leather is tougher and does not dry out and crack as soon as the rubber and that it does not buige out in the centre and form the little wart-like projection that in so many dust caps presses against the plunger of the air valve and forces it backward enough to cause a leakage of the air. It seems reasonable that partially cured hide should bind more closely than rubber, but as all leather is torous, the proposition that it would be a better cut-off to air than rubber is somewhat surprising. Yet experience in such matters counts for more than theory, and those who have substituted the leather for the rubber say that it is better.

This week the total membership of the L. A. W. is officially announced to be 83,259, and the number of new applications 134. Last week there were 430 new applications and the total was 83,514. New York new has 20,180 members and Pennsylvania 10,782.

CINCINNATI, Aug. n.—Despite the threatening and even weeping shoes, "ladies day" and an aunounced double-header drew fully 6.000 persons to the ball park to-day. The Cimeinnatis struck a snag good and hard in their push pennantward. Nichols let them down with five acattered hits and he runs. Not a Red runner touched second base. The five who hit the ball were the only ones that reached first, and Nichols gave out no bases on balls at all to-day. The men behind him posed also strictly as champions. The locals fielded fairly well, but not up to their standard of the season. Elmer Smith was forced out of the game in the tourth inning by a bad lay and was replaced by Wood. Smith's disability leaves the outfield in bad shape. A heavy rain after the first game caused the postponenent of the second and a double-header is announced for to mourow. The score:

Water Sports at Manhattan Beach.

The water carnival which was held at Manhattan Beach yesterday afternoon was a successful affair. The surf at times was very strong, but outside of this there was nothing to interfere with the day's sport, A feature of the carnival was exhibitions by the mem-bers of the New York Volunteer Life Saving Corps. They included fancy and long-distance swimming and the rescue of drowning persons. The firing of and the rescue of drowning persons. The firing of the Lyle gun and the rescue from a sinking ship by breeches houry by the Brooklyn division of the corps was one that was watched with as much interest as that of Capt. Ballon's attempt to break the world's record for long-distance swimming. Capt. Dalton's feat was in swimming straight out to sea. He was followed by a steam launch, and the start was made at 4 o'clock. Half an hour later Capt. Dalton and the launch disappeared from view, and up to a late hour last night the Captain had not returned. The other part of the sutertainment included a life-saving comedy. 'Yaps from Yaphank,'' and a busing and wrestling match held on a raft in deep water. The events contested proved somewhat exciting. A heavy swell swamped the boat containing James Harries, the timekeeper, and when he was tumbled into the water he lost his watch. Consequently no official time could be taken. Summaries:

Trouble Ahead for the Hawthorne Athletic Club. BUFFALO, Aug. 9.-The Hawthorne Club man & 2 agers, who had begun to think that the opposition to the Corbett-McCoy fight was dying out; learned of their mistake to-day when District Attorney Daniel J. Kenefick stated his position, which must be considered decidedly hostile to the club, and the clergymen of Buffalo issued a call for a mass meeting to make plans for stopping the contest. Mr. Kenefick's jurisdiction as the prosecuting officer of Eric county

extends over the territory occupied by the

Hawthorne Clubhouse now in course of errection. He said:

"I am opposed to this prize fight, and when the time comes to take official action I mean to take it. I certainly believe that the proposed fight is against the law and should be prevented. I have no doubt that when the Sherilf fully appreciates his duty and responsibilities he will not he sitate to co-operate in preventing it. The power of this office will be exercised both to prevent violations of the law and to punish persons who violate the law.

Sheriff Kilgalion is non-committal, and it is known that he will not interfere unless forced into doing so by the public agitation.

A meeting has been called by the clergymen of Buffulo for Thursday aftermoon to take steps to prevent the fight. Bishop Quigley, Roman. Hawthorne Clubhouse now in course of erecor Bulliate for Thursday afternoon to take steps to prevent the fight. Bishop Quigley, Roman; Catholic, heads the signers and all the lead-ing Methodist, Baptist, Lutherm and Jewish clergymen have signed. As the heads of the Presbyterian and Episcopalian churches here are out of town there are no signers from those churches. The call declares that Buffalo is in

hurches. The call declares that but moral crisis and only prompt action ent the holding of a brutal prize fight Gossip of the Ring.

Constant Reader, Syracuse.-The referee's decision S. L., New York.—He was born in Invercargill, New Zealand, in June, 1868, and is 5 feet 85 inches tall. Riwood McCleskey and Marty McCue have been natched to box six rounds at Philadelphia next Fris

day night.

Jimmy Barry writes to a friend in the Fast that he has been matched to box Johnny Ritchie a limited number of rounds at Chicago next Saturday night.

The contemplated match between Sammy Kelly and Eddie Curry, it is said, has failen through owing to the fact that no club has shown a desire to bid for it.

E4 Dunkhorst has received an offer from Tem O'Rourke to meet Tem Sharkey at Syracuse on Sept. 7 before the Empire A. C., and has accepted. The acair will be lamired to fitteen remarks The fore the Empire A. C., and has accepted. The affair will be lamited to fifteen rounds.

The victory of Joe Gans over Rilly Ernst at Coney Island on Monday might has revived talk of a match between Gans and Spike Solivan. All Iserford, Gans's manager, says that he intends to cover Spike's \$1,000 which the latter posted to meet 'Kid' Lavigne. As the lightweight champion is tied up with a match with Frank Erne, Gans thinks that Spike has no occasion to refuse a meeting with him. Owing to the fact that the Hawthorne A. C. of Buffalo has made arrangements to seat only 12,000 persons in the organization's new structure, the club has decided not to dispose of any tickets in excess of these figures. Members will have to reserve their seats at least ten days before the bout between Rid McCoy and Jim Corbett. Up to date over \$29,000 worth of seats have been disposed of. In Canada alons \$4,0.00 has been subscribed for chair seats. Trains will leave Buffalo for New York in the afternoon immediately after the contest, but these who desire to remain can do xo, as the tickets will be good on any train up to and including Spit, 20. The New York Central has decided to give a round-trip ticket rate at \$0.25, while the Eric, the Delaware, Lackawama and Western, the West Shore and the Lenigh Valley roads will carry the sports for \$8.
